Dealer Comments

Here we have a 1967 Ford Mustang in good condition, not show quality, but a good driver quality. This car fires right up and is a nice ride. It comes with the Deluxe Marti Report which shows that the car did come with factory A/C. This would make a great weekend car that you can drive around town without the worries of driving a concords car. It will not last long, watch the YouTube video to hear it running and see it working and give us a call with any questions.(408)610-1000.<https://youtu.be/4gyZBdq8mho>
